

Some look for happiness in fulfilling their desires, others in attaining success. Yet everyday experience shows that our life is threatened by *suffering*.

*Who can, therefore, fulfill our longings?*

**Only the One who is the author of life, can satisfy the expectations He Himself has placed in our heart.**

- Do you want to find true meaning in your life?
- Do you feel alone or misunderstood?
- Does pain, suffering, or the future frighten you?
- Do you have problems within your family?
- Do you want to deepen your faith?
- Do you have questions that still are without answer?

St. Vincent Catholic Church will begin a series of talks, speaking about the Gospel in such a simple and deep way that you will experience the freedom of Christianity and a personal encounter with Jesus Christ.
